MAJOR improvements project makes Market street in front of Colma School a "no man's land" for onlookers. Public Works Director Otis Calhoun (above) inspects the giant storm drain. The sanitation district already has installed new sewer lines. The street will be widened, paved, and gutters and sidewalks will bring is up to major status. Total cost is $110,000, the city and county each contributing $25,000 from state gas tax funds.

Planners Face Protests On Park-Side Zoning

City Sets Edgemar Road Bid

A 40-day contract for improving its stretch of Old Edgemar road (Westmoor avenue) will be awarded Monday night when the city council meets in regular session, starting at 8 p.m.

Three bids for the project were opened Thursday night. They were: Arthur Hoskins company, $51,533; Lowrie Paving company, $53,590, and O. C. Jones and Sons, $58,072.

The old road, running from Junipero Serra past the Zita and Callan tracts south of Broadmoor to Westmoor High, should be up to complete safety standards by the end of October. Completion of the city's share and the Callan commitment will finish the job.

L. V. Canepa company Monday will be awarded a $2488 contract to build a new pump house for the Palisades reservoir. This was $12 lower than the public works department estimate on the cost.

The council last Wednesday met with Jefferson Elementary trustees to discuss mutual problems. Market street improvements, Gambetta and Thiers street problems at Vista Grande school, joint-use of recreation facilities, and new site progress headed the topics.

ADVICE FROM STATE

JESD Steers 'Only' Course On Pershing

Stymied with only 6-plus acres for a new Gen. Pershing school, Jefferson Elementary District officials are attempting to firm this purchase and at the same time drafting plans to enlarge the present Pershing on Hanover street.

State School Planning Division last week advised the local delegation to pursue this course since SF opposition to the JESD move for additional acres in SF territory apparently will not cease.

Supt. H. Z. Weibel, who indicated that negotiations with homeowners on both projects will "take plenty of time," said the district's latest plans for the new Pershing call for nine classrooms. The old plant, which will have to be enlarged, currently houses 10 classrooms and about 414 students, double its normal capacity.

Enrollment projections for Pershing-bound youngsters the next two years show the need for at least 14 new classrooms.

Weibel and staff last week in Sacramento also discussed their loan applications for the three St. Francis Heights schools, with final decision due this Friday by the allocations board.

Trustees in regular session last week met with the city council on site developments, problems and recreation agreements.

In main agenda matters, the board okayed $9000 as the district's share of Market street improvements, firmed a pact for Greyhound Lines bus service, appointed John Belforte as vice principal and teacher at Jefferson Elementary, accepted the resignation of teacher Mrs. Alida Ferber for maternity reasons, and hired Pierre Layton as seventh grade instructor at Colma School.

GARDEN SHOW ENTRIES DUE THIS FRIDAY

Persons who wish to enter the Daly City Garden Club's fifth annual Flower Show, scheduled for War Memorial building on Sunday, September 14, must have their entries in to the show chairman, Mrs. C. Yohn, by this Friday.

Mrs. Yohn can be contacted at 292 Hillside boulevard, PL 5-5580. Entries can be made in the indoor plants, outdoor plants, cut flowers and artistic arrangements section for novice, amateur, an open-to-all section, and an advance section.

In the junior division, children six through 16 may enter a flower specimen, potted plant, a just for fun (any plant rooted in water), or a dish garden, not to exceed six inches in diameter. There is also a flower arrangement section for children of this age group.

Showdown Hearing Sept. 10

Daly City's council chamber should be packed to the rafters next Wednesday night at 8 p.m. when the planning commission rules on the white-hot controversy of zoning the unclassified Marchbanks Park parking lot property to industrial.

The property, bordering the park on the west side, was sold by Southern Pacific this summer to a cement contractor after the city council said it could not afford $29,000 to make the purchase.

The new owner, D. Piccinini, seeks a commercial classification, but his plans for the strip have not been disclosed.

Residents around the park, parents of youngsters throughout the city, and the local baseball manager's association, are at the height of petition drives against the industrial zoning.

They claim the new operation would hinder park activities, curtail city access to the park, endanger children, and ruin the neighborhood with dust and debris.

Joseph Sarto, Villa Sanitation owner who quit the parks-recreation commission because he said the council "dropped the ball" on the parking lot, heads the citizen petitioners. Lowell Creighton is in charge of the managers' association protest.

The city council, which has ultimate "say" on the zoning, assured Sarto weeks ago that it would not allow a commercial operation to hinder the park facility.

To date, however, the buyer's exact plans for the property were unannounced.

1300 RETURN FOR NEW TERM AT JEFF HIGH

Approximately 1300 students will comprise the population of Jefferson High School when the fall semester opens next Monday.

Principal John Mongan, entering his fourth year as Jeff head man, says enrollment is up about 100 pupils over last June. Westmoor, the district's newest high school, opens its second year with 1400 students Monday.

Eleven new teachers bring the Jeff High faculty total to 61.

The daily schedule at Jeff opens at 8:30 a.m. and terminates at 3 p.m.

JEFF ELEMENTARIES

6000 Pupils Await Public School Term

More than 6000 Jefferson Elementary District youngsters open the fall semester next Monday in 13 schools here.

According to Dr. Vinton Stratton, district director of instruction, there will be no double sessions this fall for children in the first through eighth grades, though kindergartens will continue to be doubled and tripled.

The end of double sessions for first through eighth graders resulted from the opening of Vista Grande Primary above Thiers street and the debut next week of of long-delayed Vista Mar Elementary in Westlake.

Registration for students new to the district, kindergarten, first graders and transfers will be held at all 13 schools this Friday morning, Stratton said, from 9 a.m. to noon. Parents have been notified by mail where to report.

New pupils who reside in St. Francis Heights must register this Friday morning at Garden Village (kindergarten students through fourth graders) and at Ben Franklin (fifth graders through eighth grade).

Parents registering new students in kindergarten and the first grade must bring birth certificates or other proof of their children's ages.

New bus schedules for the entire district will be displayed in most local stores by midweek.

Supt. Henry Weibel and staff this fall will supervise a faculty of 215 teachers. The administrators and faculty opened a three-day series of orientation and curriculum talks yesterday. These will be climaxed this Thursday when the entire district staff and faculty meet at Colma School.

School Holiday

Next Tuesday, California Admission Day, is a legal school holiday for students in Daly City and Colma.

1400 Students Report Monday To W'moor High

Westmoor High School of Daly City will open its fall semester with 1400 students next Monday as the hilltop plant off Skyline boulevard enters its second year.

Principal Glenn South will direct a staff of 61 teachers, 12 of them new to the district. The school has added two classrooms to its 43 regular teaching stations to accomodate capacity enrollment.

New curriculum features this year include classes for accelerated math and algebra students.

Housing all Daly City area youngsters who live west of Junipero Serra boulevard and all high schoolers from Pacifica, Westmoor's daily schedule begins at 8:15 and ends at 2:45 p.m.

Store Reports $50 Till Tap

Fifty dollars was taken from the cash register of New Westlake Market, 555 Knowles avenue, Sunday night, just before closing time, owner Dominic Santori reported to police Monday.

Santori said he noticed the loss about 7 p.m. when two customers were in the store.

SIX CAMPUSES

More Than 2000 To Begin Jeff Adult School Semester Monday

The Jeff High School District Adult School which begins its fall semester program next Monday, expects to attract more than 2000 adults on its six campuses before the close of the 1958-1959 school year. Since Tuesday, September 9, is Admission Day, a legal holiday, no classes will be held.

Complete information and schedule of classes to be given are available at the District Office in Westlake Plaza, at the local libraries, and at the two Daly City high schools. Although classes are offered in more than a dozen instructional areas with more than 36 choices to be made in a wide variety of subjects, Director John Ivan pointed out that new courses will be available on request when accompanied by a registration of 25 or more people.

Two new courses following the latter procedure will make their debut this fall: a course in Braille Transcription, requested by the District P.T.A. Council, will be given on Wednesday evenings at Jeff, and a course in Understanding Modern Art is slated for Monday evenings. Mosaics and Office Machine Procedures, given on a trial basis last year proved so popular that they have been incorporated into the regular fall program and will be repeated every 8 weeks as long as in demand. The complete schedule of adult classes are available by phoning PL 5-6661.

Classes are open to any adult regardless of the number of years of schooling. High school credit and diplomas are offered to those who register and qualify. Those interested in the diploma program must register with the director before enrolling. No advance registration is required.

COLMA MULLS MIDGET RACE TRACK PERMIT

Colma planning commission last week tabled action on the application of the Coastside Quarter Midget Association to operate a quarter midget track on land between El Camino and Mission road south of Cypress Lawn Cemetery.

Chairman Jay Jensen ordered further study. George Lagomarsino owns the strip and would lease it to the Coastside group.

Trustees Tour Pacifica Site For JC Campus

College of San Mateo trustees and members of the north county junior college site-seeking committee Friday inspected a 150-acre site in Pacifica, west of Skyline and north of the Westview subdivision.

The Pacifica city council, backed by junior college and high school trustee Raymond Whitney, a Coastside resident, suggested the Pacifica site to the JC board.

The north county committee originally gave top priority to the Liebman-owned property along Skyline in San Bruno. Negotiations on this parcel, however, have failed to produce any results.

Caution, Kids! Stay Away From Market St. Work

Youngsters attending Colma school were urged today by teachers and workmen to be "especially careful" not to play near the heavy equipment and digging operations on Market street.

The street is undergoing a major improvements project which involves widening, paving, installation of curbs and gutters and new sewer lines.

Dale Williams, the general contractor, asks parents to remind their children to "keep clear of the area at all times and stay on the sidewalks when going to and from school . . . and even after school hours."

The street should be back to normal for traffic by October 1 according to project engineer Joseph Kaplan.

He Vacations, Thief Doesn't

A $1275 "vacation-time" burglary was reported to police last week by Harold Lemesh, 776 Skyline drive.

Lemesh said his new Westlake residence was invaded while he was away for almost a week.

The thief took Mrs. Lemesh's Persian lamb coat, a diamond-studded woman's wristwatch, and a silver tea set.

Brisbane Schools

Brisbane Elementary and Natalie Lipman Intermediate schools open the fall term next Wednesday, September 10. Jefferson High School students who live in Brisbane must report for the new semester next Monday.

MAILBAG

Reader Would Name School After Supt.

Dear Editor:

With the number of new schools that we have added to our Jefferson Elementary District, it surprises me to find that not one of them has been named after William J. Savage, our late, beloved superintendent.

May I suggest and even request that this oversight be given much consideration, as many of the pioneers, and even those a little younger, will remember Professor Savage as an outstanding teacher and inspirational as a leader in the field of education.

Sincerely,
Ester Vireno

County Needs Precinct Help For November

County Clerk John A. Bruning today advised that although many applications to serve as election officers have been received, there remains the opportunity for persons desiring to be of service as an election officer to be appointed to precinct boards in most areas of the county.

Registered voters desiring to serve and assist in the November general election in their locality should make application to do so at once as selections for the precinct boards are now in progress.

Application forms are obtainable at the offices of all city clerks in the county, at the Election-Registration Department, Hall of Justice and Records, Redwood City, or will be mailed upon request.

Bruning urges all eligible and qualified persons desiring to serve to make application at once to assure early completion of the precinct boards.

Kids & Matches

A wild grass fire—started by juveniles—was quickly extinguished by Daly City and county firemen Saturday shortly past noon near the PG&E plant off Market street.

URGES PARTICIPATION

City Civil Defense Unit Reveals Plans

The Daly City Civil Defense council, composed of leaders of civic and social groups, met Thursday night at War Memorial building, with acting City Manager George Watts presiding.

Members viewed the film "It Could Happen Here," a report on atom-bomb tests in Nevada, showing the results and methods of radiation protection.

Watts reported that the CD council will notify all groups in the community, setting up speakers, films and other aids to "bring the civil defense message home to everyone."

Among those participating in the discussions Thursday night were the telephone company, Olympia and Vista Mar PTA's, local Red Cross directors, the National Guard, Henry Doelger Inc., and school superintendents Ed Morgan and H. Z. Weibel.

TROPHY case soon will be necessary to house the awards won by the DC Garden Club, currently planning its fifth annual show here, Sunday, September 18. Mrs. Joseph P. Schultz (left), club president, and Mrs. Lynn Cinti, first vice president, exhibit the results of club competition to date. A purple ribbon, one of only three awarded throughout California, is their proudest possession.

MAYOR 'HERO' AS DC COPS BLAST B'MOOR

In a game that was as wild as the score, Daly City's police baseballers Sunday outshelled the Broadmoor Cops by a 21-9 count in an old-fashioned friendly feud benefitting the Police Athletic League fund for kids.

A capacity crowd witnessed the fraternal struggle at Marchbanks Park. PAL President John Coleman estimated that about $700 was raised by the encounter.

Mayor Micheal DeBernardi was the mound and bat hero for the winners. He slammed a homer to centerfield and left in favor of Chief Roland Petrocchi at the end of the sixth. DeBernardi got credit as the winning pitcher.

Judge Tom Bocci went the stormy route for the losers on the hill.

Broadmoor led early in the going, then fell away behind as the power of their "big brothers" began to take its toll.

Displaying free tickets available at the shopping center is Charles Maroosis, proprietor of Westlake Jewelers. The drawing is unique in that all of the prizes are for children.

HELP OUR KIDS... AT HOME

Classes will be in full swing Monday when 8700 public school youngsters here embark on the fall semester.

Daly City-Colma area schools, public and parochial (the latter began last week), are filled to capacity. Counting the two high schools, 13 elementaries and the three Catholic institutions, total enrollment is near the 10,000 mark.

The new term here will get off to a healthy start—no double sessions except in kindergarten. And this is a pretty fair status quo, considering the woes of similar-sized areas.

Students and teachers alike will be crisp and eager as classes resume. Education stimulates both parties, teaching both pupils and their instructors something new each day. The learning process never ends, regardless of age.

We issue a hearty sendoff to our youth on the eve of the spanking new semester. At the same time, some words of advice to parents—give your sons and daughters all the encouragement you can. They will be urged aplenty in their classrooms. Backing from home can make their individual futures even brighter.

Navy Rewards Cashdollar, Colma Man

Haldane V. Cashdollar, 956 Foothill drive, Colma, was one of the four members of the U. S. Naval Radiological Defense Laboratory in San Francisco who received the coveted "outstanding" performance rating plus a cash award for his work during 1957.

The award citation said that during the brief period of less than a year that he headed the Instrument Maintenance and Test Section of the Laboratory, the group made unprecedented progress, accomplishing maintenance work even on equipment not normally under their jurisdiction.

"Cashdollar's ability to evaluate the individual talents of his people enabled him to help them increase the quantity and quality of their work, especially in such areas as standardization and calibration and better maintenance of data-taking equipment."

Cashdollar is now head of the Central Instruments Branch of the Laboratory's Engineering Division.

War Mothers Plan Two Lunch Parties

MEMBERS of the Curvettes Club of Brisbane discuss the "Little Star" back-to-school dance they will present this Friday evening at Brisbane American Legion Hall. The festivities will run from 8:30 p.m. to 1 a.m. and all high school students may purchase tickets at the door. KIP Workshop News

KIP's car wash was a great success. Over $115 was realized, which will help a little. There are about 300 kids now in the Workshop.

KIP's first meeting of the new term will be held at Daly City Community Center on Tuesday, September 9, from 7 to 9 p.m. Parents are urged to attend and learn first hand what the kids are planning for the year's program.

KIP welcomes Mrs. Katherine de Groot of the Mooseheart Alumni Association, who will teach arts and crafts. Mrs. de Groot is also chairman of the Music Library Committee and will accept all donations of sheet music and records, new or old, donated for KIP use. PL 5-8592 is the number to call.

The Blue Jacks saved the day for the Winston Manor Sub-Teens No. 3. Ben Joe Zeppa was scheduled to sing and his accompanist failed to appear. The BJs stepped in and were loudly acclaimed for their accompaniment.

KIP wishes to extend public thanks to their pal, Joe Lewkowitz, for his active aid at the Kar Wash. Joe not only donated the use of his service station, but also got in and worked like a Trojan washing and drying cars!

Audrey Head, the whiz poster painter, turned out another eye-catching poster for the Kar Wash.

The Sparklers (Gail Vaurs, the Larson Bros.) will appear in the Moose Search For Stars quarter finals on September 13 at the Moose club in San Francisco.

KIP Workshop will not schedule any performances until the end of September, when rehearsals and auditions will begin for the holiday season.

A Hollywood producer has indicated interest in KIP Workshop and the Blue Jacks. Director Kay Irvine has been asked to submit a movie script to be written about the group and its activities.

The Daly City Recreation Roundup featured Gail Vaurs, KIP's president, accompanied by Darryl Larson, and also the Blue Jacks. Both KIP groups brought the house down. Director Irvine scouted the show and has found some interesting talent.

'$ For Demos' Drive Planned In SM County

San Mateo County's Democratic precinct works are joining the national "Dollars for Democrats" fund-raising drive set for September 26 through 28.

County Central Committee Chairman Al Holgerson, of Half Moon Bay, has placed the local drive under the direction of the Ninth Congressional District co-chairmen, Mrs. Geraldine Hardin and William Penaluna, both of San Mateo. Mrs. Hardin will head the activities for the 26th Assembly and Penaluna will be chairman for the 25th Assembly District.

The American Heritage Foundation is giving countrywide publicity to both major political parties in their respective drives for small campaign contributions. The two drives are separated by one week. The slogan adopted is 'Don't Pass the Buck— Give a Buck to Your Party."

Holgerson stated, "The Democratic Party has conducted annual "Dollars for Democrats" drives in the past three years, but we have never before had the advantage of the national publicity afforded by this great foundation. We expect this year to mark our greatest success in obtaining campaign funds for our fine slate of candidates. The money thus collected will be divided three ways, one-third to our country's Democratic nominees, one-third to our state's nominees and one third to the National Democratic Committee."

How good is the police department's league for boys?

Well, since JOHN COLEMAN initiated the organization, there have been fewer delinquency reports throughout the city.

Usually sober JUDGE TOM BOCCI Sunday all but lost his composure when the DC Cops loaded the bases against him in the third inning of the PAL baseball benefit tilt.

In a tight spot, the judge was interrupted by a telegram from the DC bench.

The message was accompanied by a bottle of well-aged grapejuice. It read: " Sometimes I get in trouble and this usually helps."

It was signed "Beartracks," the colorful character who sees Bocci in court — occasionally. Mr. Beartracks usually gets 30 days in the county clink—and he loves it.

Garden Show Will Feature Much Variety

Daly City Garden Club's fifth annual flower show, set for Sunday, September 14, from 1 to 9 p.m. at War Memorial building, is a tribute to all residents, and the club urges the public to attend at no admission charge.

The Garden Clubbers will present a beautiful floral display, grown by amateurs here, and an educational display on erosion, a problem in this area.

The DC Municipal Band, under the leadership of George Brenner, will play for the public from 2 to 4 p.m. on the Mission street entrance to War Memorial building.

For those garden enthusiasts who prefer potted plants, there will be an exhibit by Ortho Spray on proper potting procedures. For the many camping, fishing, and hunting sportsmen there will be a display on conservation. There also will be a display with labeled plants for use in various areas in the garden for sun, shade and wind. Youngsters in the community are invited to participate in horticulture divisions and also in arrangements division.

For information regarding participation in the show, phone PL 5-5580 for schedules and entry blanks.

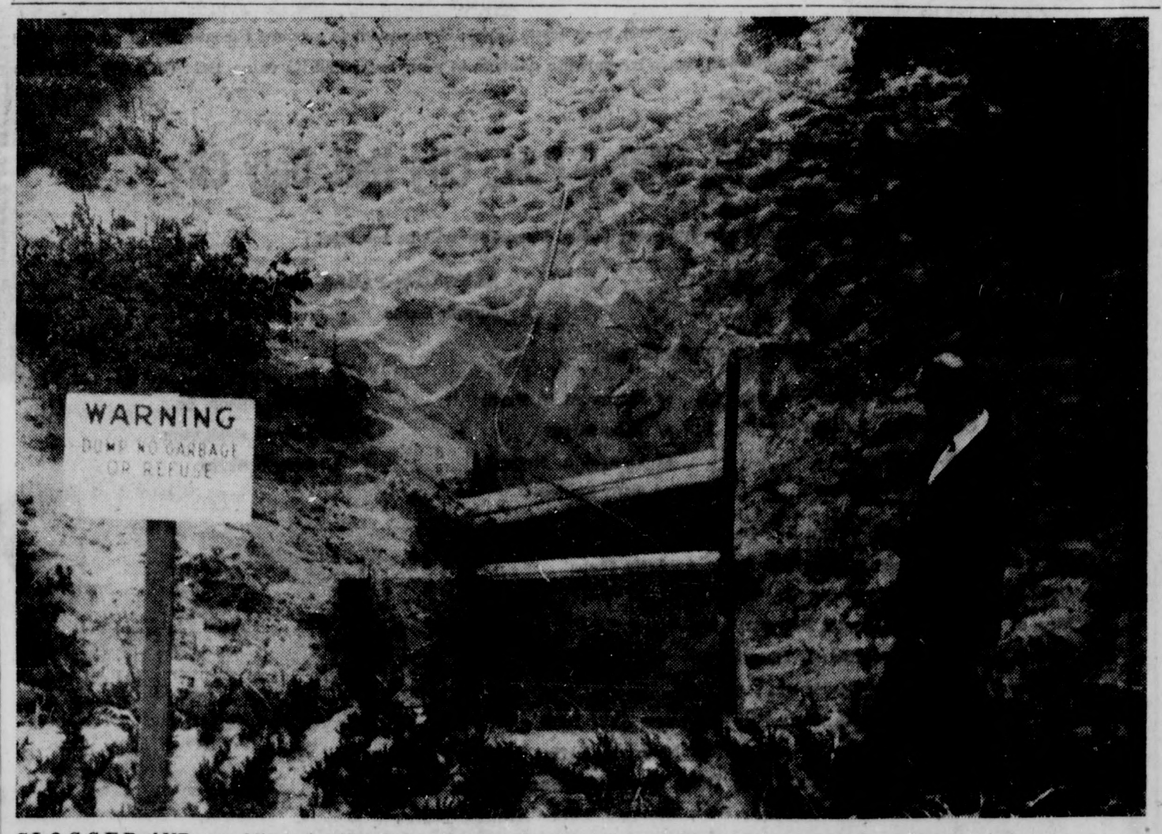
The Mothers' Club of St. Michael's School will hold its first meeting of the fall semester on Monday, September 8, at 8 p.m. in the School Auditorium.

BANQUET on September 20 to honor veteran members of San Francisco Council 615, Knights of Columbus, is being planned by this committee. Seated is Judge C. Harold Caulfield, the toastmaster. Standing (left to right): Felix Farr, general chairman; Paul A. Gysels, district deputy; Dr. Joseph G. Mayerle, past Grand Knight, and Walter J. McElroy, Grand Knight of San Francisco Council.



CLOGGED AND crumbling, this storm drain, inspected by Public Works Director Otis Calhoun, has caused five Fairway drive residents in Westlake to file damage suits totaling $31,000 against the city. Lake Merced Golf Club officials, on whose property the situation developed, this week indicated they would take immediate steps to correct the discrepancy. The city handled its share weeks ago. Heavy storms this spring damaged the drain, causing the slopes holding the homeowners' backyard walls to give way and tumble onto the golf course property.

Reserve Crew Of USS Naifeh Commissioned

A unique all reserve crew, the first unit of its type established in the Bay Area under the Navy's new selected reserve program, for the destroyer escort USS NAIFEH was commissioned recently.

Daly City's James V. Grealish, 36 Weston drive is the commander. Other local reservists aboard the ship include: Philip J. Berlenghi, Martin Finnerty, Andrew Giovo, James A. Galindo, Frederick C. Muller, James W. Nolan, William C. Riddles, Edwin D. Doerges, Fred A. Chelemedos and Vernon A. McKenzie.

The crew of about 160 "citizen sailors", all inactive duty reservists holding full time civilian jobs, is unprecedented for a combatant ship. Skipper Grealish himself is an inactive duty reservist.

Commander Grealish assumed command of the NAIFEH in commissioning ceremony at 9 a.m. on Treasure Island. Rear Admiral George L. Russell, Commandant, Twelfth Naval District, under whose control the ship will operate was the speaker.

NAIFEH is one of the first ships assigned to selected reserve crews now being organized on the Atlantic and Pacific coasts in an effort to increase the Navy's anti-submarine warfare capabilities.

The new selected reserve program will train reservists as complete crews aboard the same ship they will man in wartime. A key feature is immediate mobilization in event of an enemy attack.

Each member of the NAIFEH's crew will carry pre-cut recall orders for automatic execution in an emergency. Moreover, each reserve crewman will be assigned a bunk, locker and watch billet abord ship. Individual service records also will be carried by the ship.

A weekend drill each month and an annual two-week training cruise in their "own" ship will replace the classroom drill and help keep the reserves ready for immediate deployment. In the meantime, the ship will be manned by a 33-man active duty crew serving as "ship keepers".

Following the commissioning ceremonies, the reserve crew took the NAIFEH out for a short bay cruise with commanding officers of some 35 Bay Area reserve units as observers.

Dear Friends and Neighbors:

As you know, we have been circulating a petition among the residents of Daly City who live in close proximity to Marchbanks Park. This petition requests that the Planning Commission refuse to zone as an Industrial District, part of the Southern Pacific Right-of-way running alongside Marchbank Park.

On September 10, 1958, at 8 P.M. at the City Hall, Daly City, this matter comes up for final hearing before the Planning Commission. Many of you have already signed a petition protesting this indifference to the welfare of the children of our city. We are now asking that all of you attend this meeting in person in order that the city officials will be made aware of the feelings of the citizenry.

Should the property in question be zoned INDUSTRIAL, it would result in the maintenance of industrial buildings and activities within a few feet of this Park. Virtually all of the trees on the westerly side of the park will be destroyed, to the great damage of residential home owners in the vicinity.

In addition, this piece of land constitutes the primary method of ingress and egress from the baseball recreational facilities maintained at Marchbanks Park. As our city continues to grow, we will need more—not less—recreational areas for our children.

Finally, once this property is zoned Industrial, we have reason to believe that a cement yard or plant will be built and maintained thereon. If any of you have ever lived in the vicinity of cement operations, you know the type of dust such an endeavor creates. If you have never lived close to one before, you may well find out in the future by personal experience.

So—if you want to help the children of your city keep their parks; if you want to prevent the creation of an industrial facility in your neighborhood which could well cause irreparable damage to your home and its value, BE SURE TO ATTEND the meeting of the Planning Commission on

SEPTEMBER 10, 1958, 8 P.M., City Hall, Daly City

Remember that if you don't protect your interests today, tomorrow will be too late!

DC-Colma Girl Scouts Planning For Big Colorado Trip In 1959

Daly City-Colma Girl Scouts have completed a full and happy summer of camping activities and are planning ahead to next year's Roundup.

The first Roundup took place in 1956 and now a second one is in the planning stage—a primitive encampment of 7500 girls and 1500 adults, to be held July 3-12, 1959, near Colorado Springs, on an almost level, grassy land with a magnificent view of Pike's Peak, elevation 6700 feet.

The Senior girls have made application to be an "International Patrol" which means sending six girls, who would be joined in Colorado by two girls from foreign countries. These girls would then return with our girls for a period of three weeks following the Roundup. The entire North San Mateo Council would act as hostess to our guests.

On July 10, an introductory get-together was held at San Bruno Park, giving explanation, preparation, etc., for eighth graders and Seniors. A "skills" half day is in progress.

There will be two "primitive campout practices" on weekends in September and October with the assistance of the members of the Roundup Committee who are skilled in this phase of the program.

Selections for Patrol will be made in November and December.

Beverly Garelick, member of the newly created finance committee, reports that their main objective is that of helping raise enough funds for transportation and patrol of girls to the Roundup in Colorado next year.

A $60 camp fee, $30 for personal expenses, and possibly $75 for transportation, are the approximate costs involved.

Girl Scout membership across the nation has tripled since 1944 to more than 3,000,000 and is steadily growing into one of the world's largest organizations of its kind. One out of every seven girls between the ages of 7 and 17 is a Girl Scout. Any girl between these ages wishing to join the organization may do so by contacting District Chairman, Mrs. A. Dale Williams, PL 5-5464.

INDIANS, RAMS

DC's Prep Gridders Open Fall Practice

Jefferson and Westmoor high school varsity gridders began practice this week for the 1958 Peninsula League campaign.

Coach Joe McGrath's Indians, led by All-PAL end Pete Garcia, figure to be much stronger than last year when, despite inexperience and injuries, the Tribe almost whipped champion Capuchino.

Westmoor coach Pete Matisi expects his Rams to be a much sounder ball club this fall. The Westlakers finished in the loop cellar in '57 when sophomores carried the load.

Action in the seven-team league opens in October.

Preliminary rundown on prospects at both schools will be in next week's paper.

Daly City, SSF Baseball Loop Gets Underway

Play contiues each Tuesday and Thursday night at Orange park, with games at 6 and 8 p.m., both evenings.

New Program Director . . . Announcement has just been made of the appointment at KPIX of a new program director — Ray Andrew Hubbard, who comes to Channel 5 from WBC's outlet in Boston where he was assistant program manager. He also served on various special assignments for Westinghouse, including many important projects in the field of public service programming.

We talked to Louis Simon, KPIX General Manager, concerning the new assignment and he stressed that "programming is the Program Manager's responsibility." In our interview we were pleased with Mr. Simon's enthusiasm and interest in "live" local shows for San Francisco. In the past the station has produced outstanding local shows, particularly in the field of documentaries. Two programs were recently given recognition by the California State Fair Awards Committee—"The Road Back" series was selected for a Silver Award and "Open Heart Surgery" telecast for a special merit award.

Children's Corner . . . One of the most recent programs for the bicycle set is a new science program over KTVU (Mon., Wed., Fri., 4:25 p.m.) with host the well-known scientist and television personality, Dr. Tom Groody. He performs simple scientific experiments using everyday "props" found in every household so youngsters can do the experiments right along with him. The program is good television . . . entertaining as well as educational . . . we only wish it were longer!

New Stereophonic Programs . . . Adding sparkle to local radio schedules, three new sterophonic programs have recently made their debut.

KQED is the first television station in the country that has been granted permission by FCC to re-broadcast a radio signal for the purpose of stereophonic sound. In conjunction with KPFA-FM, a weekly concert of classical music is heard Tuesday at 10:30 p.m.
